

Starting August 20th

Classes are offered on Sunday Mornings before Worship from
9AM—10:10AM

Newborn through Preschool: The God Loves Me storybooks retell Bible stories in simple language that children can understand.

Pre-Kindergarten-2nd Grade: The pre-kindergarten through second grade class will be learning about Jesus through our COR Curriculum.

3rd-5th Grade: Third through fifth graders will be using the Gospel Project by Lifeway.

In His Image Special Needs Ministry: Our IHI Kids class and our IHI Adult class will both be using the Gospel Project by Lifeway.

Communicants Class: Parents of rising 3rd-6th graders, mark your calendars for this year's class taught by Pastor Adam Mumpower.

The Communicants class is designed to assist parents in teaching their children the basics of the Christian faith and to encourage their children to become communing members at Church of the Redeemer. The class is for children that are interested in becoming a Christian, have questions about Christianity, or have recently become a Christian and now want to become full-members. Children are encouraged to take the class alongside at least one of their parents. Contact Melissa Hines

Middle School D&L:

Growing in Christ's Church is the series our Middle School class will focus on this Fall. You will learn about the importance of the community of God and how you fit into that community. Topics will include how youth have a role in the church even now; discussion around the presence of hierarchy and sin in the church; the church as the bride of Christ; and much more.

High School D&L:

This Fall is the first time Redeemer Youth is offering a separate high school D&L class! Come and join us as we watch and discuss a captivating video series on the Holy Spirit by Sinclair Ferguson. This series will help challenge our youth to dive deep into the scriptures to learn and apply truths about the often unmentioned third person of the Trinity.

Redeemer Adults:

Proverbs

Proverbs is at the same time for many Christians both a favorite book of the Bible, and at the same time a somewhat frustrating book. How can I apply this to my daily life? How do I interpret passages that seem contradictory ("answer a fool according to his folly"... "don't answer a fool according to his folly")? Can I claim these as promises that will always be true for me? Let's enjoy some time together in this profound book ultimately focused on the theme of practical wisdom.

Engaging Culture in an Age of Skepticism

Teachers: Hunter Carter, Ladd Lesh, Daniel Ray

Have you ever considered the background beliefs our culture presses on us about Christianity? These assumptions are not presented to us explicitly, they are absorbed through the stories and themes of entertainment and social media. Here are a few examples of such invisible beliefs:

- You don't need to believe in God to have a full life of meaning, hope and satisfaction.
- You should be free to live as you see fit, as long as you don't harm others.
- There's little or no evidence for the existence of God or the truth of Christianity.

If you think Christianity doesn't hold much promise of making sense to a thinking person, we hope you'll interact with us this coming Fall. If you have any friends or family who feel this way, we want to equip you, not only with content, but also with a winsome posture towards those we differ with. We hope you'll plan to join us.
